VISITOR RESTRICTION GUIDELINES

Effective Monday, 4/4/2022 the following visitor restrictions will be in place to ensure the safety of our patients and healthcare personnel.

- All visitors must enter through the main lobby
- All visitors will be required to wear a face mask at all times (no cloth face coverings permitted; masks are available at the entrance if needed)
- Visiting hours will be from 11 AM to 8 PM
- Patients may have only 1 visitor at a time
- Only one healthy visitor for all emergency department patients.
- ICU patients may not have visitors from 6-7 (am and pm) and at the discretion of the nurse
- No visitors under the age of 18
- Exceptions to the policy may be made for those patients with prolonged hospitalization, receiving end-of-life care or who have extraordinary circumstances and must be made in consultation with nursing supervisor or Director.
- All visitors must stay in the room with a mask on at all times; no standing in the hallways or nursing stations
- No community visitors will be permitted to eat in the cafeteria
- Any visitor who exhibits body temperature greater than 100 degrees F or signs and symptoms of illness, or a recent (within 10 days) exposure to COVID may not visit hospitalized patients
- No visitors will be allowed for + COVID or high suspect PUI (PUI person under investigation, means someone who has symptoms, but has not yet tested positive for COVID-19)
- Visitors may be asked to leave if patient's condition changes

Monterey Park Hospital

AHMC Healthcare

- Visitors will be required to either be up-to-date on their COVID vaccinations* or have a recent negative COVID test (PCR within 48 hours or antigen within 24 hours; if home test, must be performed in front of hospital staff)

Thank you for your support of these measures as a way to keep our patients, visitors, employees and community safe.

MPH COVID TASK FORCE

*Up-to-date on vaccinations is defined as:

1. the person is fully vaccinated (14 days after completion of the second dose of the Pfizer or Moderna vaccines or 14 days after the dose of the Johnson & Johnson/Janssen vaccine)

AND

2. If the person is eligible for a booster dose, they must have received one (you are eligible 2 months after the Johnson & Johnson vaccine and 5 months after the Moderna and Pfizer vaccines).
